Steamer Hale Loaded With Billets Sinks in Lake Huron.

Indianapolis Man Convicted of Murder in the Second Degree—Alliance Railroad Restores Old Wages—New Steamship to Be Built.

By Telegraph to THE TIMES.

Port Huron, Mich., Oct. 9.—The steamer E. B Hale foundered on Lake Huron yesterday afternoon. The crew was picked up by the steamer Nebraska and landed here today. The Hale was from Lorain, Ohio, and was loaded with steel billets for Milwaukee. In a stiff gale the steampipe broke and left the steamer helpless. She was owned by M. A. Bradley, of Cleveland, and valued at $30,000. No insurance.

For Killing a Policeman.

By Telegraph to THE TIMES.

Indianapolis, Oct. 9.—John Ferriter, on trial at Martinsville, Ind., for killing Policeman Charles Ware, has been declared guilty of murder in the second degree and sentenced to imprisonment for life. Ferriter killed Ware, of this city, while resisting arrest.

Advanced Wages Again.

By Telegraph to THE TIMES.

Alliance, Ohio, Oct. 9.—As a result of the settlement of the strike in the Palmyria coal district, the general manager of the Alliance & Northern railroad has issued orders restoring to work all the employes discharged and removing the recent ten per cent. cut in wages.

CONTRACTS TO BE AWARDED

For the Building of Two and Possibly Four of the Fleetest Coasting Steamships, Flying the American Flag.

By Telegraph to THE TIMES.

Philadelphia, Pa., Oct. 9.—Contracts are soon to be awarded to the Delaware river ship builders for two, and possibly four of the fleetest coasting steamships flying the American flag, to run between New York, Havanna, Cuba and Tuxpan, Mexico.

Presidential Appointments.

By Telegraph to THE TIMES.

Washington, D. C., Oct. 9.—The President today appointed John C. Ingersoll, of Illinois, consul to Copenhagen; Joseph T. Hoke, of West Virginia, to Windsor, Nova Scotia; W. Irvin Shaw, of Pennsylvania, to Barranquilta, Columbia; Henry Brend, collector of customs, Buffalo; David M. Comingore, collector of sixth district Kentucky.

Mrs. Garfield's Request.

By Telegraph to THE TIMES.

Washington, D. C., Oct. 9.—At the special request of the President, Mrs. Virginia Campbell Thompson, of Louisville, daughter of the late Alexander Campbell, is to have a $1,500 appointment in the congressional library. Mrs. Garfield made her only request of this administration in behalf of Mrs. Thompson.

Shot by Unknown Party.

By Telegraph to THE TIMES.

Jackson, Miss., Oct. 9. — James Chapman was assassinated at Madison Station. He was shot while in his barn by an unknown party.

Hanged in His Stable.

By Telegraph to THE TIMES.

Indianapolis, Ind., Oct. 9.—Jacob Fisher, of Mexico, Ind., hanged himself in a livery stable, on North Meridian street, last night. He had been taking treatment at a sanitarium near by, and in a fit of melancholy ended his life.

Disastrous Fires.

By Telegraph to THE TIMES.

Crown Point, Ind., Oct. 9.—A most disastrous fire is raging in Kankakee marsh. Thousands of tons of hay and many farm buildings have been destroyed. The fire is a repetition of that of 1805, which caused a loss of $200,000.

Was Not Accidental.

By Telegraph to THE TIMES.

Seymour, Ind., Oct. 9.—Mrs. Dollie Banks died today from the effects of a shot fired last night by Frank Coryell. Coryell claimed the shooting was accidental, but Mrs. Banks stated otherwise, and her twelve-year-old daughter confirms the mother's statement.

Kentucky Court of Appeals.

By Telegraph to THE TIMES.

Frankfort, Ky., Oct. 9.—The court of appeals has reversed the case of John D. Young, Jr., son of Ex-Congressman J. D. Young, sentenced to the penitentiary for eighteen years for killing his cousin, Flyn Fassett. A new trial was ordered on account of an error in refusing to admit certain testimony.

THE ATKINSON TRIAL.

The First Witnesses For the Defense Give Their Testimony.

Glenville, W. Va., Oct. 9.—In the Atkinson trial the cross-examination of L. L. D. Peters proceeded during the morning. In consequence of the character of Peters' evidence his cross-examination by Mrs. Atkinson's attorneys was rigid. Various letters written by Mrs. Atkinson to Mr. Stalnaker after the death of Judge Camden, her former husband, were read to the jury. In these letters Mrs. Atkinson asserts that Owens had not paid for his land. These letters show date subsequent to that of the receipt.

William Wertman testified that Mrs. Atkinson, about two years ago, proposed to sell him land belonging to the Camden estate, and wrote and delivered to him receipts for purchase money, dating the receipts back to a time prior to Judge Camden's death.

This witness received a severe cross-examination. The defense endeavored to show that he was and is in the employ of the prosecution for the purpose of giving and hunting evidence.

S. M. Peters, one of the best known farmers in the county, gave evidence for the state tending to establish the alleged system of forgery.

The defense opened with D. D. Westfall on the stand. The witness produced receipts given to him some years ago by Mrs. Atkinson which are similar to those alleged to have been forged and state the same are genuine and authorized by Judge Camden.

Samuel Harrison, cashier of the Merchants' National bank of Clarksburg, and N. B. Nulen, ex-cashier of the Weston National bank, were examined as to the banking business of Judge Camden during his lifetime. The line of defense is not yet fully apparent.

Captain Wiborg Released.

Philadelphia, Oct. 9.—Captain J. H. Wiborg was released from prison, after a 16 months' sentence for carrying on the Danish steamship Horsa a filibustering expedition. There was was a fine of $300 and costs, or $500 in all, attached to the the term of imprisonment, but Captain Wiborg could not raise the money. The regular term expired last Saturday, but this default would have added 30 days to his confinement. Popular subscription, headed by a local newspaper, raised the money, however, and the captain was restored to his wife and children.

Politics Not Responsible.

Philadelphia, Oct. 9. — Arthur M. Sewall of Maine, who was associated with William J. Bryan on the presidential ticket last fall, arrived in this city accompanied by his wife. When spoken to on the claim that there is a condition of increased prosperity Mr. Sewall said: "There is certainly more business being done this year than last, but I do not attribute it to politics. I imagine the condition of the crops in Europe would have been the same if Bryan had been elected."

Wireless Telegraph.

Berlin, Oct. 9.—Professor Slaby, assisted by the military balloon corps, in experimenting with Marcon's wireless telegraph, succeeded, perfectly, in spite of auverse atmospherical conditions, in exchanging messages without wires at a distance of 21 kilometres.

Trouble Expected.

Great Falls, Mon., Oct. 9. — News comes from Blackfoot, on the Piegan Indian reservation, that trouble may result from an attempt by Agent McLaughlin to arrest Many Guns, an Indian who murdered George Sherman and his Indian wife.

Advocating the Low Ticket.

New York, Oct. 9.—Oswald Ottendorfer, editor and proprietor of the Staats Zeitung, returned from Europe, and the Staats Zeitung says editorially: "Mr. Low and the other candidates on his ticket present themselves to the voters absolutely free from any political or personal obligations. They are only bound by their promise to give the city a good, clean, liberal administration. Under these circumstances the New York Staats Zeitung can do nothing better than advise its readers to join the citizens' movement and to assist by supporting the Low ticket, in delivering this city from the influence of certain politicians, which has proved so often to be pernicious and ruinous."

Princeton Players Win.

New Haven, Ot. 9.—The finals in the intercollegiate tennis tournament were played on the New Haven Lawn Tennis club grounds and were won by S. G. Thomson of Princeton. He met J. D. Forbes of Harvard in the best play of the tournament. A five-set match was necessary to decide the championship. Forbes was not in his usual physical form. Thomson played cautiously and should have won three straight sets.

WEYLER BOUNCED

Spanish Cabinet Starts Change In Cuban Policy.

CAPTAIN GENERAL IS RECALLED.

Notwithstanding All the Rumors to the Contrary the Commander of the Spanish Forces on the Island Submits to His Removal From Command Without Protest.

Madrid, Oct. 9.—The cabinet has decided upon the immediate recall of General Weyler from Cuba. A decree was issued appointing Captain General Blanco Arenas, Marquis of Pena-Plata, governor general of the island. The queen regent has signed the decree.

According to El Heraldo 20,000 reinforcements will accompany General Blanco to Cuba.

In the course of the cable message sent by Captain General Weyler to Premier Sagasta, placing his post in Cuba at the disposal of the government, he said:

"If the functions with which the government has entrusted me had been merely those of governor general of Cuba I should have hastened to resign. But the twofold character of my mission and my duty as commander-in-chief in the face of the enemy prevent my tendering a resignation.

"Nevertheless, although I can rely upon the absolute unconditional support of the Autonomist and Constitutional parties, as well as upon public opinion, this would be insufficient without the confidence of the government, now more than ever necessary to me after the censure of which I have been made the object by the members and journals of the Liberal party and by public opinion in the United States, which latter is largely influenced by the former. This confidence would be necessary to enable me to put an end to the war, which has already been virtually concluded from our lines at Jucaro to Cape Antonio."

Senor Sagasta replied: "I thank you for your explanation and value your frankness. I wish to assure you that the government recognizes your services and values them as they deserve, but it thinks a change of policy, in order to succeed, requires that the authorities should be as one with the ministry."

WEYLER IS WILLING.

He Will Relinquish His Command In Cuba Without a Protest.

Havana, Oct. 9.—General Weyler gave an emphatic and absolute denial to the reports that he would resist removal from his command in Cuba, and in certain contingencies might espouse the Carlist cause.

He said, according to the official account: "My principles and my military record are firm guarantees that I will never oppose the constituted government, whatever it may be. I never have put obstacles in the way of the government, and I never shall. I have always obeyed orders, and I always shall. So far as popular demonstrations go, I except them only as expressions of approval of my military policy and as tokens of personal sympathy."

The merchants of the island, according to the official accounts, continue to send cable messages to Senor Sagasta expressing their approval of General Weyler's campaign, and their entire confidence in him.

Madame Ana Milan de Bendou, who has been in charge of the New hall, at the Casa de Recogitas, where Senorita Evangelina Cossio was confined, and in whose house, in San Rafael street, the police several months ago found trunks containing dynamite and cartridges, is one of the four employes, who, with the jailor, have been arrested and confined incommicado, pending the result of the inquiry being made into the circumstances of the escape of Senorita Cossio.

J. L. PATTERSON, Editor and Manager.

Hanna and Hard are to be congratulated upon the discipcine they have in the Republican ranks. Fall in, and Evans, Skelton & Co. get over the line into the ranks.

Hanna, Hard and Higgins, with Thompson in Washington to pull the strings, would cause the Blaine club to get out of the county when it moves again. Great are the three H.'s.

Under the present management it seems the Blaine club is not in politics in Scioto county. We understand its members will be permitted to vote if they will permit Hard, Higgins & Co. to see the ballot before casting.

Have you ever considered the danger of elevating such a man as Mark Hanna to a postion of trust or responsibility? The whole history of his life is one of avaricionsness. He sees in all this wide world no one but Hanna. If permitted to do so, he would employ every function of this government to accomplish his own personal ends. His egotism is as disgusting as his methods are abominable and unjust.

Hanna is very emphatic in his declarations that the McKinley administration must be backed by both houses of congress and that he must be a part of that backing, but he says never a word as to why this should all be done. If, for argument's sake, we concede that it was Hanna who gave us the McKinley administration and the administration gave us the Dingley bill, the more important question arises, "Why should we be thankful?" The only legislation under the administration has been for the benefit of trusts and combines, of which Hanna is the chief mogul. The Dinlgey bill has neither brought prosperity nor yielded as much revenue as the Wilson bill did during a like period.

Mr. Hard tries to make a record for Hanna. He may be ignorant of his true labor record, or he may be trying to deceive. Which ever it is does not excuse him. We want to ask Mr. Hard if there is a single prominent labor leader on the stump for Hanna. It is an easy matter for a politician to get any kind of resolutions from a few of his employes. The Ohio stove foundry could do that from the scabs now at work out there. Name the labor leaders who are on the stump for Hanna. Not one up to date. He is too well known as a union labor crusher. Mr. Hard had better make his campaign on the beauty and symmetry of McCormick's sash and countesque hirsute appendage to his under jaw. Such a contest would be a vote getter.

It is a matter of some importance that, according to the London Daily News, the British government's reply to the American bimetallic commission, due this month of October, will make important concessions on the silver question. These will include, according to the belief in money circles in England, the holding of one-fifth of the Bank of England's reserve in silver, raising the legal tender value of silver from $10 to $25, and the reopening of the Indian mints to the free coinage of silver. This will be a terrible blow to the American goldites, and probably insures the active co-operation of France and America. What is conceded embraces about all that France demanded of Great Britain as a preliminary to the adoption of free coinage in France. That the American commission would make any impression upon the British government was at first generally ridiculed, but the belief has now become quite general, evidently, that the English cabinet has been giving serious consideration to the bimetallic proposals. A London special to the New York Evening Post, goldite, says:

Some persons go so far as to assert that, subject to certain conditions, three points may be conceded, namely, a reopening of the Indian mints, the holding of one-fifth silver in the Bank of England reserve and the raising of legal tender silver from £2 to £5. Such assertions may be premature and even incorrect, but they come from too good a quarter to be wholly ignored.

It must be said that the American commission has succeeded beyond all expectation even in thus causing financial London to fear that it may have convinced the ministry."

Hanna, Hard and Higgins will have to revise their plan of campaign. It looks like Bryan has caused a feeling of respect and confidence even in European financial circles. The silver issue is not yet dead. No, not by any means.

VIEWS.... —AND— INTERVIEWS

"See here," said Capt. N. W. Evans, "That was a mighty interesting meeting over at Alliance a few days ago."

The reporter professed ignorance. "Why, it was An Old Folks Party," continued the Captain. "It's an annual affair up there. I have watched the proceedings of these meetings from year to year with considerable interest. Regarding this year's meeting, my friend, Dr. Chas. E. Rice, has written me as follows: Take it down."

"'I am just getting down to work after the Old Folks Party. It was a great success this year. There were twenty-two persons present whose ages averaged over ninety years. Mrs. Beyers is still strong and well. She rode twenty-five miles that day. She will be 107 on October 12th. The records were found recently and are authentic. Her age had been underestimated and the old Bible was lost. Last fall we found it in a chest in the attic, where it had been unmolested for thirty years. The records are well preserved. She was born Oct. 12th, 1790. We had a number of pictures taken here on Saturday, several of Mrs. Beyers, several of Mrs. Fisher and three of Mr. Bennett, who was a soldier of 1812. He is the keenest, smartest old man I have ever had in the house. He stayed with us for three days and nights and we enjoyed every minute of his stay. There are but seven pensioners of 1812 living. He does not draw a pension, never applied for one. Only one of the seven pensioners is older than Mr. Bennett. A remarkable group photographed was that of five persons whose total age was over 500 years. It will be interesting to watch these five and see to what ages they live. Since our party I learn there are a pair of twins down in Darke county who are 96 years old. They shall be investigated.'

"Won't that make interesting reading?" added the Captain, and the interviewer said he thought it would.

Col. Boone Buys a Farm

Colonel Boone on last Saturday purchased the Nathan Stix, or Bainum farm, at Dover, at $60 per acre. There are 228 acres in the tract, about 125 acres being in the Dover bottoms, fully one hundred acres being free from the overflow of 1884. The Black Diamond will have extensive terminals at both Dover and Ripley. The purchase was made solely in the interest of the Dover, Kentucky and South Atlantic Railway company. A large portion of the one hundred acres is a gravel bed, which will be needed to ballast the road in Kentucky."—Dover News.

Three Valuable Books Given Away.

"ART AND FANCY WORK," "NURSERY RHYMES," HOME DYEING."

Mrs. Nella Daggett, editor of The Home, has published a new edition of her popular book, "Fancy Work and Art Decorations," that gives practical instructions for making doilies, table covers, scarfs, tray cloths, pin cushions, etc., etc., with fifty illustrations. This book, together with "Nursery Rhymes" (a 16-page pamphlet with a handsome colored cover design of the Old Woman Who Lived in a Shoe), and "Successful Home Dyeing," will be sent free to any reader of The Times who forwards the following coupon to Wells, Richardson & Co., Burlington, Vt.

Coupon.

This entitles any reader of The Portsmouth Times to one copy of "Fancy Work and Art Decorations," "Nursery Rhymes" and "Successful Home Dyeing."

The above liberal offer is made to advertise the old reliable Diamond Dyes, and to get their book upon home dyeing into the hands of women who want to dress well by making their old clothing look like new.

Diamond Dyes have special dyes for cotton, different from those that are used for wool, and are the only package dyes on the market that can be relied upon to give colors that will not fade or crock. The fact that Diamond Dyes have been the standard home dyes for nearly twenty years and that their sale increases from year to year, is proof positive that they have never had an equal.

The Beauty of Health.

Health is what makes a woman beautiful. Beauty is another name for health. Find a face that is fair, cheeks that are rosy and full, eyes that sparkle, a form that is well-rounded and symmetrical—and you will find perfect health.

It is sad to think there should be so many sufferers among women. They are the real martyrs of the world. They endure pains, aches and agonies in silence, when there is neither need nor necessity for their torture.

Dr David Kennedy's Favorite Remedy

makes women attractive by making them healthy and strong. It builds up the nerves, makes the blood rich and pure, strengthens the organs that are often weak, and stops the wastes that tear down the system. It cures the endless chain of female troubles. It is the best friend that woman ever had.

A daughter of Mrs. Christina Beal, of Jonesport, Me., suffered greatly from female troubles. No doctor could help her. But Dr. David Kennedy's Favorite Remedy made her strong and well. It will make thousands of other women perfectly healthy if they will only try it.

Met in the Study Room of the High School Building Last Evening.

It Was the First Meeting of the Year—Officers Elected—An Interesting Meeting—Large Attendance—Good Programs for the Remainder of the Year Promised by the Boys.

The Debating society of the Portsmouth High school met last night for the first time this school year.

President Selby called the meeting to order, and the roll was called by Assistant Secretary Ben Valjean. The constitution and by-laws were then read for the benefit of the D class, who were invited to sign them, many doing so.

The election of officers was then in order. Clarence D. Selby was re-elected president. For vice-presidents, Ben Valjean from the A class, Gilbert Fuller from the B class, Charlotte Lewis from the C class and Porter Alderson from the D class will serve. Edith Moore was elected secretary and Frost Davis' assistant. Other officers were: Norbourne Dawson, treasurer; Gertrude Selby, Maud Treuthart, Albert Robjent, Mina Pettingall and Anselm Holcomb committee on programs; Prof. J. I. Hudson, Miss Lucy Hall and Prof. A. C. Streich, judges. The election of other officers was deferred until next meeting.

The Portsmouth High School Debating society is fast becoming one of the most popular societies in the city and will soon demand the respect of all. Of course, there are a few of the present D class who have not yet learned to keep order, but they may be brought under control.

The election of officers is always tedious, but as soon as programs are arranged the meetings will be most interesting and beneficial, and a good crowd should be assembled of both honorary and active members to take part in the programs.

AMUSEMENT NOTES.

The newspapers throughout the country for the past six months have been devoting columns about Klondike and the gold fields. No doubt some of the stories are true, but a great many have been exaggerated to the extreme. Of course, a great many have struck it rich, but on the other hand there are hundreds who have not found a dollar and are actually starving to death.

Mr. James Young, who has just returned from the gold fields with $100,000 worth of gold dust, was interviewed the other evening and warns the public about going to Klondike before spring. To attempt to get there before, he says, means almost certain death. Why no one has any idea of the hardships a man has to undergo. Food is scarce and at an exorbitant price, the trip very dangerous and the weather sometimes forty degrees below zero.

After Young had finished his story he attended a performance of "Little Jack Horner," and taking a great fancy to the star, Jas. B. Mackie, sought an introduction. They both became very friendly before the night had passed, and Mr. Mackie being very much interested about Klondike, began to inquire about the gold fields, saying he would like to go there and make his fortune. Mr. Young smiled at the comedian and said, "Mr. Mackie, if I were as funny as you are, and had such a good show, nothing on earth could tempt me to go to Klondike." "But," said Mackie, "Think of the gold mines up there." "Well," said Mr. Young, "judging from the crowded theater tonight and the way the people enjoyed your show, I would say that you have struck a bigger mine than anybody ever has, at Klondike or any other dike."

Mr. Mackie and his big farce comedy company will appear at the Grand opera house next Wednesay night, Oct. 13th.

KINDERGARTEN ASSOCIATION

Met Last Evening, and Reported Things Very Favorable.

There was a meeting of the Kindergarten associaation last evening in the chapel of All Saints church. It was very well attended and things look very promising for the association.

Miss Perkins, the present teacher, reported fifteen children in attendance at the rooms of the kindergarten, and these came without solicitation. Several persons wish to send their children and pay tuition.

Reports were read which were very flattering as to the success of this institution, and it is certain that from now on the kindergarten is a go.

Look at the handsome boys' and children's clothing at our store when passing, in single and double-breasted, at L. Wise's Sons, 117 West Second street.

Birthday Party.

There was a pleasant gathering of young people at the residence of Miss Grace L. Cline, of East Sixth street, last evening, the occasion being Miss Grace's birthday, and her friends gave her a surprise. The evening was spent pleasantly. Light refreshments were served. Those present were Misses Edith and Margaret Brooks, Bertha and Beulah Bierley, Lucy Bennett, Mary Row, Bertha Reuppel, Tillie Rais, Grace and Antoinette Cline, Mamie Weekly, and Gussie Barlow, Charles Stephenson, Ben Bennett and Charles Hacquard.

DEATH OF RATTLER.

Dr. Carter's Family Nag Dies at the Remarkable Age of 33 Years—Brother Keyes Humorous Comment.

"Rattler," Dr. J. B. Carter's old family nag, died a few days ago of blood-poisoning, and the Press thus humorously speaks of his leave taking:

"According to the majority evidence, Rattler was 33 years and 4 months old. He came in possession of the late Dr. Jones, of this city, thirty years ago last May, and during all this time has remained in the same family, one of the most trusty and faithful servants of his kind. He was a very stout horse and fast traveler—the oldest and best known horse in the city, and would doubtless have lived several years longer but for the above occurrence. It has been said that before the death of Dr. Jones, twenty-one years ago, the horse, under the doctor's instruction, was accustomed to vote the Democratic ticket. A few years ago Brother Carter said to a friend, who gave him this information, that Rattler had learned better now—that he was something of a Greenbacker, Prohibitionist, Populist, Nationalist, in fact quite independent in his political affiliations. But in this contest between them, Rattler seems to have got the better of the argument on the home stretch, for it is generally understood that Brother Carter, for the first time in his forty-four years of voting life, did vote the entire Democratic ticket last fall. This we regard as a serious mistake on the part of our good citizen, Mr. Carter, and the only unfortunate influence good old Rattler was ever known to exert on any one in our entire community. Some have thought that the horse died rejoicingly because of his master's change in politics, others that he died greatly regretting lest he vote for Coxey this coming election."

STOLE A MARCH.

Earl Higgins Disappoints All His Rivals and Weds Miss Emma Edwards Friday Evening.

Earl Higgins and Miss Emma Edwards were married Friday evening at the home of the bride's brother, on West Fourth street. Rev. John B. Tracy performed the ceremony. The wedding was a very quiet affair and only a very few friends of the couple were present. Mr. Higgins was until a few days ago clerk at the Biggs House. The bride is a sister of Dr. Edwards and came here with her brother from South Point, Lawrence county. Mr. Higgins had been paying devoted attentions to the young lady for quite a while, but it was rumored that a Lawrence county suitor would claim her as his bride. Consequently, the wedding Friday was a complete surprise all around. Mr. and Mrs. Higgins left on the N. & W. Friday evening for a two weeks' trip to Columbus, Cleveland and other points.

NEWSPAPER MAKERS

Have Troubles Like the Rest of Us.

It is a matter of note that great numbers of newspaper editors and attaches are troubled more or less with sort of nervous dyspepsia, which will not yield to medicines. They almost invariably get better by abandoning coffee and tobacco, showing that nature will revive if the oppressive poisons are removed. Habit, however, is a powerful lever to keep a man in a rut. The fraternity have come to know Postum Cereal Food Coffee and are enabled to revel at will in their coffee three times a day, not only without harm, but the result of the practice brings flesh and strength in a remarkable degree, for the reason that Postum is made up of the parts of the cereals containing the albumen, gluten and phosphates which nature uses to build up the gray matter in the nerve centers.

"It makes red blood" is a great trade-mark and it means something to the brain workers who supply the reading world with their daily supply of news.

There is but one orignnal Postum Cereal Coffee, with hundreds of weak imitations offered as "just as good."

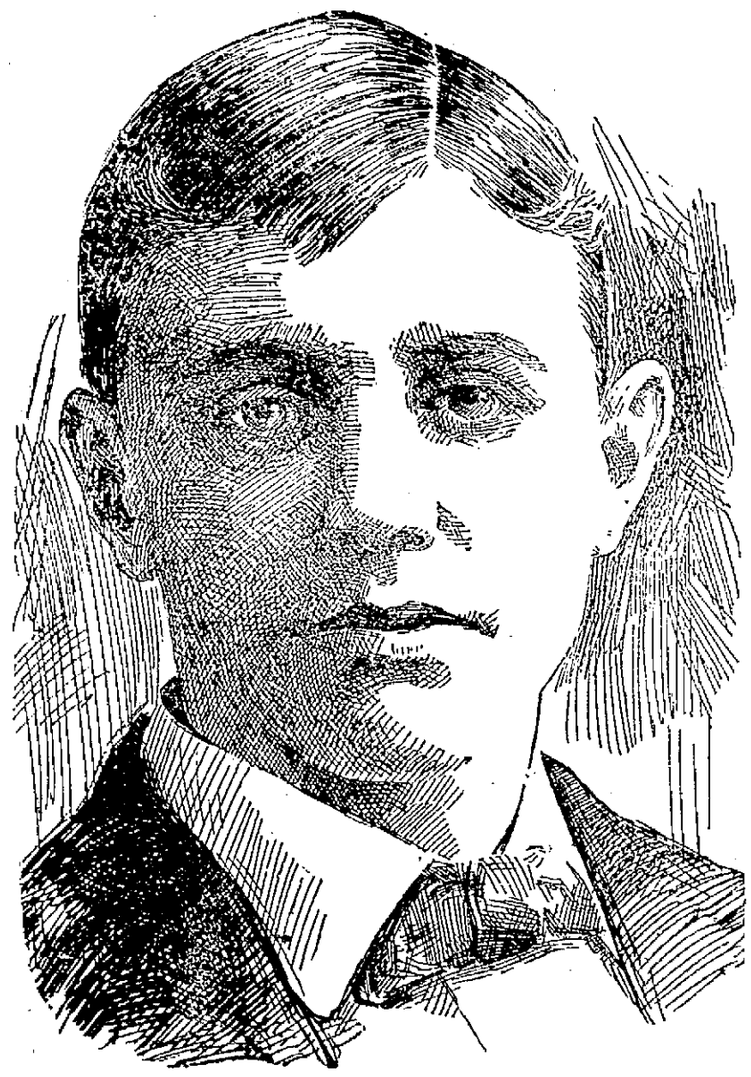
MICHAEL, KING A-WHEEL.

Great Benefit He Has Received From Paine's Celery Compound.



Invincible, peerless, wonderful is Michael When he races his chief competitor is time, and when he crosses the tape in his finishing sprint he leaves records as well as opponents behind him.

James Michael, the most wonderful bicyclist of the world, recommends all wheelmen to take Paine's celery compound.

Many a young person and hundreds of older people who have determined to take up bicycling as a health-giving exercise find themselves really lacking the proper "snap" or stamina to begin on. Their bodily condition prevents so spirited exercise. Many who are really sick, who have suffered from debility or wasting diseases for a long time until they had begun to think their troubles had become chronic, as nothing gave them relief, would turn to bicycling for relief, but they find that this splendid exercise, like any other, requires strength to undertake. The blood is out of order, the nerves are deranged, and nature's food for both is needed

All such persons will find to their immense joy that Paine's celery compound will make them well.

Michael has made cycle riding a careful study, and is in a position to give excellent advice, not only to racing men, but to wheelmen and people in general. In reference to his own methods the following letter will interest everybody:

Boston, Mass., Feb. 21, 1897.

After the exertion of my record rides while with the Morgan & Wright team in the South last winter, during which I lost somewhat in weight, on account of the unaccustomed climate, I was advised to use Paine's celery compound. I am pleased to say that it gave such satisfaction that I was impelled to use it again to brace up from the effects of the two unusually rough ocean trips that I have taken during the past month. I believe that wheelmen who have to undergo the hardships of "circuit chasing" will find Paine's celery compound of assistance in keeping up their physical tone.

JIMMIE MICHAEL.

Thousands need to take a remedy to purify their blood, arouse the circulation and counteract the debilitating effect of confining work, worry and excitement.

The more intelligent portion of every community are the ones who best recommend Paine's celery compound. They have looked into this great remedy, followed its remarkable achievements in the case of friends, neighbors and relatives, and know just what to expect from its use as a nerve and brain strengthener and restorer and an ideal invigorator for a run-down system.

LADIES' MUSICALE.

First Meeting of the Season at All Saints Chapel Yesterday.

Tribute to Miss Gharky—Good Attendance —Boom for More Associate Members —Fine Vocal Selections by Miss Helt, of Urbana—A Pleasing Program Well Rendered.

The first meeting of the Ladies' Musicale for this season was held yesterday afternoon at the usual place—All Saints chapel, corner Fourth and Court streets. Again, through the liberality of the vestry of that church, is the Musicale, as well as the Woman's Literary club, so fortunate as to have such a pleasant "club home."

There was a good attendance of active members yesterday and quite a number of visitors were present, but a few familiar faces were missed among the ladies of the associate list who have been appreciative listeners for several years. No doubt they have only postponed renewing their membership and will be present to enjoy the next program. All lovers of good music, both ladies and gentlemen, are cordially invited to join the associate list.

Yesterday's program was a delightful treat; every number was pleasing, and their excellent rendition showed a careful and thorough preparation. Such is now the high standard of all the work done by the "Musicale."

The ladies were fortunate in having with them Miss Helt, of Urbana, who is the guest of her aunt, Mrs. Chas. Winter. She possesses a rich contralto voice of rare sweetness and sympathy, which has been beautifully cultivated. She not only responded to an encore after the selection which had been announced on the printed program, but also very kindly responded to an unanimous request for an extra number, later in the afternoon. She sang "Asthore" for her encore and as the second number, "Ben Bolt." Miss Kate Newman recited "Lochinvar" as an encore.

Owing to the unavoidable absence of the president, Mrs. Spencer Cole, her address was read by Mrs. Nannie Kinney. It was very interesting and well written, closing with a tender tribute to the memory of Miss Gharky, who was one of the Musicale's most faithful and enthusiastic workers. As a cultured musician, as well as the truest of friends, will she be greatly missed.

Yesterday's program follows:

Piano-Forte Solo, "The Two Larks"(Leschetizky)—Miss Reed.
Song, "Impatience" (Schubert)—Mrs. Kinney.
Piano-Forte Solo, Op. 31, No. 2, 1st Movement (Beethoven)—Mrs. Maddock.
Song, "Entreaty" (Smith)—Miss Zoftman.
Piano-Forte Solo "La Serenata" Arr. by Rummel (Braga) "Chanson Joyeuse," Op. 99 (Ravina)—Mrs. Newman.
Song, "Adore and Be Still" (Gounod)—Mrs. Kinney.
Song, "If You but Knew"—Miss Helt.
Reading, "When the Cows Come Home" Miss Newman.
Violins, Piano-Forte, Sonata (Playel)—Misses Blake and Edwards, Mrs. Kah.

HUNTINGTON

Makes a Strong Bid for the Newman & Spanner Saw Mill—Portsmouth Should Give Some Encouragement.

If Portsmouth wants to secure the Newman & Spanner sawmill to locate here, taking the Little Kanawha plant at New Boston, as they contemplate, some encouragement must be given the enterprise. Huntington is making a good bid for the concern, and a committee of ten representatives of their chamber of commerce has been appointed to confer with Messrs Newman and Spanner. The committee is authorized to hold out generous inducements to the company to locate in the city. Can't Portsmouth do something?

HONEY PYLES

Steals Some Goods, for Which a Search Warrant Has Been Issued.

O. J. Dillon, who lives on the Harper place, appeared before 'Squire Cole this morning and applied for a search warrant for certain tools and a spyglass stolen from him. "Honey" Pyles stole the goods and has skipped, nothing having been seen of him since yesterday. The goods had not been found up till noon.

An elegant line of neckwear can be seen at Burt, Pride & Hall's.

Jim and His Wife Again.

Jim Williamson, the barber, and his wife and George, better known as "Dod" Williamson, and his wife were mixed up in some sort of a family row and fight yesterday. Jim's wife has sent the Times a long letter, telling how it all happened. We do not care for such communications.

WITHOUT PRECEDENT.

Warm and Continued Dry Weather Forecasted by Rival Prophets—Danger From Fires.

The prolonged absence of rain has greatly increased the danger from fire in the cities and towns of Ohio and adjoining states, as well as bush fires in rural localities. There is need for sharp and unremitting vigilence while drouth conditions continue if the disasters of past years when similar conditions prevailed are not to be duplicated.

Observer Richardson, of the Columbus branch of the United States weather bureau, in an interview with The Press, asserts that he has never in all his experiences witnessed a drouth so tenacious and so enduring as the present one. Conditions the other day were favorable for rain and he forecast rain, but this long looked for blessing did not materialize.

Rural weather forecasters, not employed by the weather bureau, maintain that it will be warm and dry throughout the month of October. They say that the position of the moon indicated these conditions on the very first day of the month when the horns of the moon were turned upwards. On one or two nights of the present month the color of the moon was blood red. This color was of course, only apparent, not real, and was caused by existing atmosphere conditions usually thought to be favorable to continued drouth.—Columbus Press.

The Reds at Dayton.

The Reds play at Dayton today and tomorrow. The Dayton team is strengthened by a number of National league players. Wylie Platt will pitch for Dayton this afternoon. The game will no doubt be a fast one, and the Reds will have to play good ball to win.

Bigelow Lecture and Concert Course Attraction This Year.

Opens November 15th With Kellogg Bird Carnival Co.—Dr. Hills, of Chicago, December 10th and Edward P. Elliott, January 10th—Scientific Lecture by Prof. Dinsmore—The Welsh Singers.

The Bigelow concert and lecture course is as fine as ever this season. It opens November 15th with a very splendid entertainment by the Kellogg Bird Carnival company, which some of our people have heard and pronounced very fine. December 10th, Dr. N. D. Hillis, a celebrated divine of Chicago, pronounced the peer of Frank Gunsaulus, lectures. Edward. P Elliott, as an entertainer, is unsurpassed. He will be here January 10, 1898. The scientific lecture this year will be by Prof. Thos. Dinsmore, one of the foremost lecturers in the county. Date, February 21st. The last, and a great musical attraction, is the Welsh Prize Singers, March 1st, 1898. All these for $1.00. The endeavor has been to have the entertainments on nights when the stores are closed. Three are on Monday, one on Friday and one on Tuesday evenings.

DIDN'T KNOW ABOUT IT.

The Jewett Bros., of Lombardsville, Acquitted Before Mayor Glidden of Stealing Wm. Cook's Wheel.

Riley and Charles Jewett, two young fellows from Lombardville, were brought in last night to answer to a charge filed against them in mayor's court of stealing a bicycle belonging to Wm. Cook, an employe of the Drew, Selby shoe factory. They were acquitted.

Several days ago a bicycle was stolen from Mr. Cook. The thief afterwards sold it to one of the Jewett's for five dollars. Cook found out where the wheel was sold and went after it. Jewett said the wheel had been stolen from him and he did not know where it was. Cook thought he might be trying to hide it and tried to get a search warrant out, but failed. Charges of stealing the wheel were then filed with Mayor Glidden. The Jewetts told a straight story and the mayor was convinced that they knew nothing of the whereabouts of the stolen wheel. It was probably stolen away from them by the same fellow who sold it to them.

SURE THING

Was the Young Coal Thief Caught, But He Was Too Slick for the Coal Merchant and Made His Escape.

This morning as Fred Reiniger was about to open his coal office, his attention was attracted to a twelve-year-old boy with a sack on his back which caused the boy to move with a very unsteady step under the weight of the burden. He stopped him, but the boy when he saw who it was that accosted him, said he had not stolen the coal, that he had bought it of Mr. Craigmiles, who lives near the depot. He was a colored boy and gave his name as Eddie Kountz. Mr. Reiniger said to him: "We will go over to Mr. Craigmiles' and see if you did buy it there." The boy started, still holding on to the sack of coal. On arriving at Mr. Craigmiles house Mr. Reiniger inquired of that gentleman if he had sold the boy some coal. "What boy?" queried Craigmiles. Mr. Reiniger, turning to look for the boy, discovered that he had dropped the sack and skipped. Mr. Reiniger then carried the coal back to his office.

WHAT IS IT?

Strange Noises Among the Beer Kegs—Ghosts Are Probably After Portsmouth Beer.

"Pete" James, the watchman at the Portsmouth brewery, says he doesn't believe in ghosts or anything of that kind, but there are some things that he cannot explain. At certain hours in the night he hears strange noises issuing from one corner of the brewery building, but when he gets there all is quiet. Then he will hear some one talking in some other location, but they seem to vanish when he goes in that direction. "Pete" says he is getting tired of it, and if it continues he will call for help and place a watchman in each corner. He isn't afraid at all, but he just wants to know the cause of these strange sounds.

A COON HUNT

Suddenly Terminates—The Game Was Bagged, But It Proved to Be a Skunk and the Hunters Were Ready to Quit.

John Diehlman, Jr., M. Rainey and Al. Burnshine, of the North End, went out last night to hunt coons, 'possums, or any old thing in the shape of game which might present itself. They were successful under the latter clause. They had two well trained dogs and went into the well known Dog hollow. After tramping around for an hour or two, the dogs gave the alarm that they had struck game. The men followed this sound for another half mile or more, and on reaching the dogs found they had something in a hollow stump. Diehlman said he knew it was a 'possum, from the way the dogs barked. To tear up the rotten stump was only the work of a few minutes and they would then be within touch of their game. Tear it up they did, and then there was a scramble among the hunters and a howl among the dogs. The game proved to be a skunk, and the boys were ready to go home, or somewhere else; they didn't want to hunt any more. They are not wearing the same clothes today they had on last night. They try to deny the story, but the evidence is against them.

A DOLLAR RATE.

Portsmouth Fans Will Go Up to Chillicothe En-Masse Tomorrow.

Manager Will Levy received word from Portsmouth yesterday afternoon that the Norfolk & Western railway had granted them a $1 excursion, and that not less than 200 people would be up on the train, the most of them being fans and rooters of the thirty-third degree.

The Portsmouth team, which has been playing ball for the past five or six weeks, is made up of strong amateur players, but they are no improvement over the Chillicothe boys, and therefore a close game should result.

Crabill, who will pitch for the home team, has done such excellent work for several teams in the Northern part of the state during the last few weeks that he already has a dozen offers and is sure of a good position this early in the year.

The remainder of the Frankfort boys, who were unable to come for the game with the Reds will be here on Sunday, and as the admission is but 25 cents, with 10 cents for ladies and children, everybody should turn out for one more gala day of base ball.—Chillicothe News.

RAIN EXPECTED

Indications Are for Rain the Coming Week—It Is Badly Needed, as Farmers and Stock Are Suffering for Water.

The indications of the weather report are for rain the coming week. This will be good news, and many are hoping it may prove true. Many cisterns in the city are dry; the river is so low that the water is no doubt impure; the wells, springs and small streams throughout the country are dry, and in many places the stock is suffering for want of water. Many farmers are compelled to haul water several miles. The dust is so deep that it is almost impossible to travel. The acreage of wheat will be cut short the coming year on account of the farmers being unable to get their ground in proper condition to receive grain. There has not been a time in many years that there was as much scarcity of water or as much need of rain in this locality as there is at the present time.

Interesting Sketch of an Old Revolutionary Character.

Was a Native of Pennsylvania, Born in 1753 and Died Near West Union in '39—Was the Grandfather of the Lodwick Family—Important Bit of History From the Pen of Captain N. W. Evans.

I have determined to write a sketch of every Revolutionary soldier who lived and died in Scioto, Adams and Brown counties, this state, if I can obtain the materials therefor.

The subject of this sketch was born near Greensburg, Westmoreland county, Pa. February 20, 1753. He graduated at Princeton college in 1775 and entered the Revolutionary war April 6th, 1776, as a second lieutenant in Captain Moorehead's company, Miles Pennsylvania Rifle regiment, organized under a resolution of congress on July 15th, 1776.. He was made a captain on the 20th of October, 1777, and his regiment was designated the Thirteenth Pennsylvania. He was transferred to the Eighth Pennsylvania July 1st, 1778, and made a major July 20th, 1780. He served until June 3d, 1783. He was in the Battle of Long Island, August 27th, 1776, and also that of White Plains in the September following. He was at the Battle of Brandywine in September, 1777; Germantown on Oct. 4th of the same year, and at Monmouth on that memorable hot Sunday, June 30th, 1778. After that he went with Gen. Brodhead in a campaign against the Indians in Western Pennsylvania. He was in the service seven years and seven months. He lost his left eye in the service and after his removal to Adams county, Ohio, went about with a green patch on it.

He was a man of small stature, and in his old days his hair was very white.

He and his wife attended the Presbyterian church in West Union and he used to sit on the pulpit steps to hear the sermon. I do not know if he was a member of the church, but think not. His wife was a member. He had three daughters and two sons.

His daughter, Hannah Finley, was the second wife of Captain John Lodwick and the mother of a numerous family. Among her sons were Captain John N., Joseph, Press and Lyle Lodwick, and among her daughters were Mrs. Nancy McCabe, Mrs. Eli Kinney and Mrs. J. Scott Peebles. She died in 1827, twelve years before her father.

Another daughter, Mary Finley, married John Patterson, once United States marshal of Ohio, and father of Mrs. B. F. Coates, of Portsmouth, Ohio. She had seven children. She was married in 1818 and died in 1881.

Hon. Joseph P. Smith, secretary of the bureau of American republics, is her grandson.

Margaret Finley married John Chipps and died young. She left a son, John Chipps, who died before his majority, and is buried in the West Union cemetery.

James Finley married a Rothwell and left several children. He died young and his wife married James Clark, a well known farmer south of West Union, on the old Manchester road.

John Finley, a son, married down South and resided there. I am unable to give any further account of him or his family.

A daughter of Mr. James Finley, Mrs. Sam Kincaid, lives in Hannersville, Brown county, Ohio, and another daughter resides in Dayton, Ohio.

Major Finley's wife was Jane Blair, daughter of the Rev. Samuel Blair, a Presbyterian minister. Mrs. Finley was a woman of rare accomplishments, much beauty of person and nobility of character. She was well educated, sprightly and full of energy and had black eyes. She wrote poetry for the newspapers and composed several most touching tributes to the memory of deceased friends. She has been particularly described to me and if I were to select one of her descendants who most resembled her as a young woman I would name her grand-grand-daughter Mrs. Dudley B. Hutchins of Portsmouth Ohio.

Major Finley lived about two miles from West Union on the old Maysville road in a story and a half log house with a front porch. He died May 23d 1839 and is buried in the village cemetery south of West Union Ohio. His grave is marked with a brown freestone head-stone and his wife is buried by his side. His daughter Hannah O. Lodwick is buried near by and Margaret Chipps and son are also buried there. He came to Adams county, Ohio, in 1815 and remained there the remainder of his life, an example of a good citizen and left a fragrant memory.

N. W. EVANS.

SAD FATE.

The New York newspapers recently published the details of the suicide of a society woman who became crazed by headache and drowned herself in the harbor. What a sad end to a life that ought to have been completely happy!

Doubly sad because advanced science could have saved her! Munyon has a specific for all kinds of headache, which cures in three minutes and leaves no depressing effects. One or two doses will stop Sick Headache, Neuralgia, Headaches from Indigestion, Nervousness, Overwork, Colds, Intemperance, or Railroad or Ocean Travel.

In striking contrast to the above sad case is that of Mrs. E. Hardin, 3,959 Germantown Avenue, Philadelphia, Pa., wife of the Clerk of the Board of Education, who says: "For thirty years I suffered with sick headache, which appeared in attacks of severe pain, so intense that I was obliged to remain in bed for days at a time. These attacks appeared almost every week, and at no time did I ever receive relief, although I consulted the most skilled physicians in the city. The headaches seemed to wear themselves out and then commence anew. At last I was induced to try Munyon's Headache Cure. The relief was magical and almost instantaneous. I followed up the treatment and was completely cured—for three years have passed and I have had no return of the headaches. I have recommended Munyon's Remedies to a number of my friends, and I have received their most sincere thanks for many worderful cures that have been accomplished by these little pellets."

Professor Munyon has a separate specific for each disease, the only logical system of medicine.

LESS FAILURES

During the Past Quarter Than For Any Period Since 1892.

New York, Oct. 9.—R. G. Dun & Co.'s weekly review of trade says: While failures were the smallest ever known in any quarter since 1892, and business payments through banks the largest by $268,000,000 ever known in September, the speculators who profess an anxiety about Cuba or fever at the south, or a municipal election, still have some influence.

Helping them just now is the fact that after extraordinary purchases for replenishment of stocks from any section or town there must necessarily be for a time less buying from that quarter. Yet business is still increasing, the productive force steadily enlarging, the distribution of wages affords and increasing fund for purchases and the foundations are laid for a larger business hereafter. The week's exchange is 8.8 per cent. larger than in 1892.

Crop reporters who have widely differed now agree in putting the yield of wheat about 580,000,000 to 590,000,000, which is nearly 200,000,000 bushels more than will be required for home use, keeping stocks as they were July 1, the lowest for seven years.

A large increase in the production of pig iron and heavy realizing sales of lots held on speculation have caused a decline of 15 cents to $10.60 for Bessemer at Pittsburg, though Grey forge there has advanced 25 cents, and pig is stronger in Chicago and eastern markets. But finished products grow stronger, with a demand outrunning the capacity of works in operation in many branches.

Building of more vessels in the lakes and seacoast, heavy orders for sheets, bars, rods and pipe, have caused advances averaging half of 1 per cent. for the week on all classes, but the general gain is yet not quite 10 per cent. from the lowest point.

Failures for the week were 212 in the United States, against 296 last year, and 29 in Canada, against 46 last year.

MORE ABOUT GIBSON.

He Was Successful In a Big Railroad Deal In Pittsburg.

Pittsburg, Oct. 9.—Emmet C. Gibson, who was arrested in New York for alleged swindling, left his mark in Pittsburg, where he gained considerable prominence. About three years ago Gibson drifted to Pittsburg. He had a letter of introduction to George Sheppard, treasurer of the Pittsburg Bank for Savings, and Mr. Sheppard introduced him to a number of people. Gibson told Senator Magee that he could bring all the persons together and form a consolidation of the traction roads of Pittsburg. He asked nothing for his services unless he consummated the deal. To the surprise of almost every one Gibson got all the parties together and the Consolidated Traction company was formed. Gibson made, it is alleged, $50,000 out of the deal and was elected one of the directors of the Consolidated Traction company.

Gibson about a year ago bought the Harrisburg Telegram. He ran it for a short time and then the sheriff took hold of it. During the last session of the legislature Gibson backed a bill that put a big tax on outside corporations and was known as a "pinch bill."

The bill was defeated, and at that time there were rumors around Harrisburg that Gibson had tried to hold up some eastern corporations to prevent the passage of the bill. He also tried to have a bill passed placing a big tax on the Reading railroad, and it was said that the bill was to bear the stock of the road, and he was said to be working the Wall street end of the stock market.

PERMISSION REFUSED.

The McCoy-Creedon Mill Will Not Take Place at Fort Erie.

Buffalo, Oct. 9.—It is not probable that the McCoy-Creedon fight or any other finish fight will be brought off at Fort Erie or in any other section of Canada. For some time a party of New Yorkers have been endeavoring to secure letters patent in Montreal for the formation of the Canadian Athletic association, its object being to give exhibitions of an athletic character, including boxing.

Such letters were issued last week by the lieutenant governor in council, but before signing the papers the clause relating to boxing exhibitions was stricken out, and any attempt to bring off a fight under this charter will be severely punished.

Dr. Stone Ill.

Washington, Oct. 9.—The navy department has been informed that the United States steamship Adams, which recently left San Francisco for a cruise, had returned to that city in order to land and place in the hospital the surgeon, Dr. Stone, who had been taken suddenly ill.

A MOURNING GARB

Dressed In Black Mrs. Luetgert's Sister Testifies.

THE STATE COMPLETES ITS WORK

Professor George Dorsey Savagely Attacks the Expert Testimony of Dr. Allport In Reference to the Variety of Bones Which the Latter Attempted to Identify—Arguments Next Week.

Chicago, Oct. 9.—The evidence of the prosecution in the trial of Adolph L. Luetgert is now before the jury. The state rested its case during the afternoon. The closing testimony was of the same impeaching character that marked the evidence of the preceding day.

Professor George Dorsey had his innings during the afternoon session of court, and he made matters unpleasantly warm for Dr. Allport. Professor Dorsey could have talked for hours upon the subject of osteology. He was primed with bristling facts concerning bones, but the prosecution confined the young osteological expert to matters tending to counteract and Allport, the chief expert of the defense.

Professor Dorsey called attention to the fact that during his examination Dr. Allport had identified the femur of a gorilla as that of a man, that he had identified a human femur as a hog's femur; had declared that the sesamoid of a buffalo was the patella of a dog, and had given it as his opinion that a piece of the temporal bone of a shepherd dog was the temporal of a monkey. Dr. Allport listened to this evidence with a half incredulous smile playing upon his lips. But the evidence was not productive of anything bordering upon mirth with the attorneys for the defense. Ex-Judge Vincent cross examined the witness briefly without material benefitand let him go.

Then Judge Arthur H. Chetlain was called to the stand to add the finishing touch to the impeachment of Mary Siemmering. When this young woman was first arrested and charged with a guilty knowledge of the disappearance of Mrs. Luetgert, her attorneys applied to Judge Chetlain for a writ of habeas corpus. Judge Chetlain, sitting in chambers, had Mary Siemmering brought before him and questioned her.

His honor testified that she told him that she had not made the application for release, but that her lawyer, Arnold Tripp, had done so, and had set up the charges in the petition. She told Judge Chetlain she had not been mistreated at the police station, and that she had gone to the East Chicago avenue police station voluntarily, and was willing to return there, as she knew she would soon be discharged, because she had done nothing wrong. Owing to this state of facts, Judge Chetlain dismissed the petition, and the young woman returned to the police station.

This evidence demolished the story of Mary Siemmering, who declared, while on the witness stand, that she was subjected to indignities at the hands of Inspector Schaak, Captain Schuettler and other policemen. Angelica Schrader, a nurse, who was a member of Luetgert's household for three months, said that the missing woman was a most affectionate mother.

A sensation was created in the court room when a woman attired in mourning garb ascended to the witness stand and held up her hand to be sworn. Tears were in her eyes as she sank into the witness chair.

The woman was Mrs. Wilhelmina Miller, a sister of Mrs. Luetgert. So firmly impressed is she that Mrs. Luetgert is dead that she some weeks ago donned a garb of mourning in memory of her sister. Mrs. Miller testified while her brimming eyes were fixed upon the face of Luetgert. The big sausage maker returned the gaze of his sister-in-law coolly. Mrs. Miller told of the kindly disposition of her sister, and asserted that no mother was ever more patient or more kind to her children. Fred Miller, nephew of Luetgert, and Diedrich Bicknese, a brother of Mrs. Luetgert, testified to having been frequent visitors to the home of the Luetgert, and to the kindnesses they had witnessed Mrs. Luetgert bestow upon her children. This evidence was called out to combat and impeach the evidence of Mary Siemmering and Mrs. Mary Charles, who testified that Mrs. Luetgert treated her children cruelly. With this evidence the state rested.

Judge Tuthill at once adjourned court until Monday morning and hurried away to catch a train for Nashville, Tenn.

Gave Back My Health.

There is no reason for being despondent and considering diseases of the blood incurable, simply because the treatment of physicians and many so-called blood remedies fail to effect a cure. Though it is naturally disheartening to the sufferer who faithfully takes the prescribed treatment of the physicians, often at the expense of hundreds of dollars, to find himself, no better as time goes by, still a cure will result from the right remedy, S.S.S., no matter what other treatment has failed.

The reason that S.S.S. (Swift's Specific) has so successfully cured even the worst cases after other treatment had been tried in vain is that it is the only remedy which forces the poison from the blood and permanently eliminates it from the system, which is the only correct principle of curing the disease. Mercurial remedies bottle up the poison and tear down the system, while S.S.S. forces out the poison and builds up and adds strength and vigor to the entire system. It is nature's remedy, and contains no harmful ingredient.

Mr. Charles Glenn, of 1563 Dudley St., Cincinnati, is one of the many who constantly praise S S.S. for giving him back his health. He says:

"From childhood I was afflicted with a terrible blood disease, and have taken almost every blood remedy on the market, but my case was deepseated, and one by one they failed. The large, red blotches increased in size and number, and soon covered my entire body.

"My parents had me treated by a number of physicians, but the disease was too much for them, and after their temporary relief was over, I found myself growing steadily worse. Thus I grew into manhood, handicapped by a terrible disease, and having tried so many remedies without relief, when a friend urged me to take S.S.S. I had little faith in any medicine. I was happy to find, however, that I had at last gotten the right remedy, for one bottle of S.S.S did me so much good that I soon had hopes of being cured. I continued the remedy, and was cured completely, the unsightly spots soon disappeared, leaving my skin perfectly clear. My general health was also built up, and I am robust and strong. I believe S.S.S. will cure the worst case of blood poison in the world."

S.S.S. is a real blood remedy, and will cure the most obstinate cases of Cancer, Eczema, Catarrh, Scrofula, Rheumatism, Contagious Blood Poison, old sores, or any disease caused by impure blood. It is

Purely Vegetable

and is the only blood remedy guaranteed to contain not a particle of mercury, potash, arsenic or other mineral. S.S.S. is sold by all druggists.

Valuable books and on blood and skin diseases will be mailed free by Swift Specific Company, Atlanta, Ga.

Water Main In the Heart of Cleveland Breaks With Disastrous Results.

Cleveland, Oct. 9.—The biggest water main in the city broke with a crashing noise in the downtown district and practically paralyzed business in that part of the city. The break occurred at the corner of St. Clair and Bond streets. Paving stones and dirt shot into the air and the column of water rose 30 feet above the sidewalk.

The entire street was soon flooded to the depth of three feet, and the basements of every house and business block was flooded. It was fully an hour before the water could be turned off. The damage will amount to thousands of dollars.

Evans Causes a Surprise.

Cleveland, Oct. 9.—John W. Evans brought suit against the Cleveland Linseed Oil company, in which he is a stockholder, asking for a receiver. He declares that there is a conspiracy on the part of the large stockholders to freeze out the smaller ones by transferring the company's property to one of their number on condition that he assume all the debts. He declares that the conspirators represent that the company is in financial straits, whereas he knows it to be not true. The defendants, members of the board of directors of the company, profess to be astounded by Mr. Evans' suit. They say the company is sound financially and can pay its debts easily, and that there is no thought of transferring the property.

Gibsonburg In Ashes.

Gibsonburg, O., Oct. 9.—Fire broke out in Babcock's saloon here at 10 p. m. The postoffice, Eli Dice's grocery, McMillan's barber shop, George Kneip's restaurant, Frank Kirsch's barber shop, Shuman's saloon, C. D. Arnold's bakery, George Nenman's clothing store, Charles Herman's meat market, Babcock's saloon, Aaron Stausmeyer's meat market, Mat Spath's fruit store, Swan's saloon, Ideal restaurant, Odd Fellows' block, Schumaker's hardware store, Dr. Johnson's house and barn and Flicker's house were totally destroyed with contents. The estimated loss is about $200,000. Insurance light.

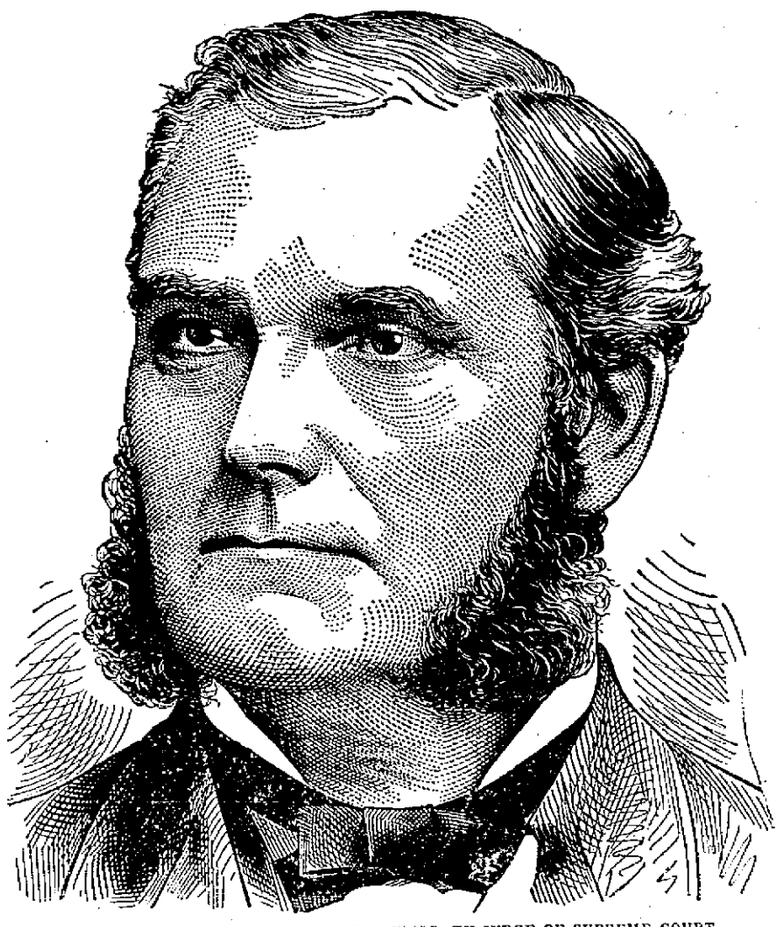
Nervura! King of Medicines.

Member of Congress Powers, Formerly Judge of the Supreme Court, Pronounces Dr. Greene's Nervura a Most Valuable Remedy.

The Highest Endorsements by Prominent People Given to Dr. Greene's Nervura Blood and Nerve Remedy that were Ever Given to any Medicine in the World's History.



MEMBER OF CONGRESS H. HENRY POWERS, EX-JUDGE OF SUPREME COURT.

No other medicine in the world is recommended so highly, so strongly and so earnestly and by so many well-known and prominent people as Dr. Greene's Nervura blood and nerve remedy. It is recommended to the sick by almost everybody, as the surest cure. It is recommended everywhere as the greatest of all health restorers. It invariably gives strength to the tired, over-worked and worn-out body. It makes pure, rich, vitalized blood and strengthens and invigorates the nerves of those who are nervous, nerve-weakened and nerve-exhausted.

Then, too, look at the standing of the people who recommend Dr. Greene's Nervura blood and nerve remedy as the greatest and grandest of medicines. They are our foremost citizens, men and women occupying high places of honor and trust and known to everybody, people whose word is always the very essence of truth and who recommend the weak, nervous and suffering to use Dr. Greene's Nervura because it cured them, because they have absolute personal knowledge that it is a sure restorer of health and strength, and because they wish the public to have the full advantage of this truly wonderful medical discovery.

They desire that health, strength and vigor shall take the place of weakness, prostration and despair among the people, and they publish the marvelous facts of their own cures, over their own signatures, that the common people everywhere may know that to take Dr. Greene's Nervura blood and nerve remedy means to be restored to health, reinvigorated, rejuvenated, revitalized, with new hope, renewed powers, energies and ambitions.

Here, for instance, is the recommendation for the people to use Dr. Greene's Nervura by one of our greatest statesmen, Hon. H. Henry Powers, Morrisville, Vt., Member of Congress and Chairman of the Committee on Pacific Railroads, Member of the Committee on election of President and Vice-President, and who for sixteen years before taking his seat in Congress was Judge of the Supreme Court. He has also been State Senator and Speaker of the Vermont House of Representatives. Surely there can be no higher testimony in favor of a remedy than the personal words of so distinguished a statesman and eminent a judge, and we doubt not that his testimonial and encouraging recommendation to those who are out of health to use Dr. Greene's Nervura, will result in the cure of everyone who reads these lines, for his advice will certainly influence all to immediately use Dr. Greene's Nervura.

Congressman Powers says:

"I have found that Dr. Greene's Nervura blood and nerve remedy is a most valuable tonic, toning up the system and producing a condition of refreshment and buoyancy after long continued mental strain. I have heard it spoken of in terms of high appreciation by many responsible witnesses, and fully concur in their opinion.

H. HENRY POWERS."

Get Dr. Greene's Nervura blood and nerve remedy at once and be cured.

Consultation and advice in any and all cases can be had absolutely free of charge, personally or by letter, at the office of Dr. Greene's Remedies, 148 State St., Chicago, Ill.

Yellow Jack Still Raging.

New Orleans, Oct. 9.—As early as 6 p. m. as many cases had been reported as when the yellow fever had recently reached the high water mark—46 cases. At the same hour there had been several deaths reported, with a couple of patients in a very critical condition. The deaths are among those who have had little or no attention, and at least three of the fatalities are among the Italian population.

Merry Will Be Received.

Washington, Oct. 9.—The state department has been in correspondence for some time with the authorities in Nicaragua respecting the recognition there of Captain William Merry, who was appointed minister to that country as well as Salvador and Costa Rica. As a result it can now be stated that the objections have been removed and that Captain Merry will be received.

Pacing Team Record.

Glens Falls, N. Y., Oct. 9.—At the mile track of the Northern Horsebreeders' association here John R. Gentry and Robert J broke the pacing team record, going the mile in faultless style in 2:03. This was done after the pair had been sent a mile in 2:11, and before the close of the day's sport Gentry with a running mate paced a mile in 2:03¾.

JOHNSON'S PLANS.

Henry George Managers Make a Flank Movement.

CITIZENS' UNION TICKET INDORSED

It Is Feared the Action Will Demoralize the Forces of the Noted Single Tax Advocate—The United Democracy Declares Through Its Leaders Against the Change of Front.

New York, Oct. 9.—The most sensational event of the day in the municipal campaign was the action taken by the Henry George campaign committee.

The Citizens' Union county ticket in New York county, the McLaughlin Democratic county ticket in Kings county, the Mullen Democratic ticket in Richmond and the Madden Democratic county ticket in Queens are all to be endorsed. At 11 o'clock it was said that the assembly and aldermanic and borough tickets of these same organizations had also been indorsed but this could not be verified.

The Georgeites started in to name a city ticket of their own, and by 11 o'clock Charles Frederick Adams, for president of the council, was the only man chosen. It is understood that he will withdraw as a candidate for the court of appeals against Judge Alton B. Parker, the regular Democratic candidate.

It is said the conclusions reached are the work of Tom L. Johnson, and some of the members of the campaign committee. What the effect will be is hard to forecast, but it looked as if it would demoralize Mr. George's forces.

The United Democracy, which first nominated George, declared, through its leaders, that it was done with the George movement. Secretary Stover, of the Democratic alliance, was equally outspoken, and said his organization would knife George if the ticket was forced on it. The Populists seemed to take the same view. The registration which began is unusually large for a non-presidential year.

FAULTY BOOKKEEPING

Said to Have Caused the Discrepancies In Brooklyn's Accounts.

New York, Oct. 9.—Comptroller Fitch's expert accountants who have been at work investigating the records and accounts in Brooklyn, preparatory to consolidation, have found discrepancies in accounts amounting to $5,000,000.

The details of the experts' report are as follows: The records of the towns of Flatlands, Flatbush, New Lots, New Uttrech and Gravesend, which the officials of these towns claim were turned over to the comptroller and corporation counsel of Brooklyn, when they were merged into Brooklyn, cannot be found, and their absence interferes materially with a proper investigation.

There are disagreements between the books of the comptroller of Brooklyn and those of the registrar of arrears. In the department of arrears is the utmost confusion in the records. The ledgers are some 225 in number, containing over 200,000 accounts, are not in balance, and apparently have never been balanced, and while on January 1, 1897, the balance to the debit of the registrar of arrears on the books of the comptroller was $5,415,128, the balance carried by the registrar of arrears as representing taxes and assessments was $3,714,826, and while the general ledger shows that arrears of taxes prior to 1893 have been overpaid $17,253, the ward ledgers disclose many items of unpaid taxes.

Officials of Brooklyn deny that there is or has been any malfeasance and allege that the discrepancies reported by Cromptroller Fitch's experts are due in a large part to the defective system of bookkeeping followed in the towns which were recently annexed to Brooklyn.

A WOMAN'S LETTER

Concerning Dr. Hartman's Free Treatment for Women.

I received your book on Gynaecology and commenced the use of your medicine at once. I took five bottles of Pe-ru-na and two of Man-a-lin. I feel like a new woman. When I commenced taking Pe-ru-na I could hardly walk across my room; now I am doing my own work, can walk a mile and a half to church. I shall never cease to thank you for prescribing for me. I had been under the treatment of two doctors, but never received any benefit until I commenced taking your medicine. I am now well and able to do my own work. I wish every woman who was suffering as I was would send for one of your books on Gynaecology. It is a God-send to suffering women. May God bless you and spare you many years to relieve women who are suffering as I was. I am anxious for every woman who is suffering as I was to know what your medicine did for me.

A QUEER JURY

Inclined to Knock Out All the Prosecutor's Cases.

Boldman Found Guilty of Cutting With Intent to Wound—No Verdict in Jacob Young's Failure to Provide Case—Guard Biddle of the O. P. Declared Guilty on One Count—End of Criminal Docket.

The jury in the Boldman case reported Friday evening at four o'clock, after being out six hours. Their verdict was for cutting with intent to wound only. The first two charges of the indictment, cutting with intent to kill, etc., were ignored. Boldman was at once remanded to jail to await sentence In the verdict brought by the jury the defense scored a victory. It was a cirtical case.

In the Jacob Young case, charged with failure to provide, the jury agreed to disagree and reported a verdict impossible. The court discharged them.

The trial of W. A. Biddle, the penitentiary guard who made overcharges of expenses in bringing a prisoner here to tesify in court, was taken up this morning.

Biddle was indicted at a previous term of court. Instead of drawing $27, claimed to be his actual expenses, he made out a bill and received $38. Mr. Biddle was represented by Messrs. Holcomb & Finney.

The case went to the jury at half-past one, and after an hour's deliberation a verdict was returned, finding defendant guilty of the third count in the indictment and fixing the amount of overcharges at $8.

In the case of Pearce McAfee and Harry McKinley, the boys charged with assault, the indiciment against McKinley was nollied and McAfee pleaded guilty to assault and battery. Sentence was suspended until next week.

HOW HE KICKED

Or the Mystery of the Dry Goods Box Revealed.

It was only an ordinary dry goods box, and, like many other dry goods boxes, was on the sidewalk for sale. Mr. John F. Steahly, the enterprising merchant, whose emporium of fashionable dress goods and other goods in that line is on the corner of Chillicothe and Fourth streets, had just emptied the box of a lot of outing flannel, with which to delight his customers, had put the lid back on the box and left it on the edge of the sidewalk for sale.

About that time Corney Jeffords appeared on the scene and bought the box.

"Anything in it?" asked Corney.

"Nothing but some paper," replied John. "You are welcome to the entire contents."

Corney opened the box and pulled out a whole bolt of outing flannel and Mr. Steahly's eyes bulged out until you could almost snare them with a grape-vine. Corney vanished down the steps to the saloon over which he presides, with the outing flannel, and John followed him. After some parleying Mr. Steahly swiped the goods and made his escape. Then the boys told him all about it. While he was emptying the box Corney Jeffords, Bill Patterson and Evan Harris had put up a joke on him. While he was temporarily absent they had purloined the bolt of flannel and hid it in the basement. As soon as he threw the box aside they replaced the flannel and then bought the box, as related. Mr. Steahly thinks it was a kind of three-cornered, hypnotic joke.
